### **SERVING YOUNG PRIESTS OF BALI**

One of the chief priests, H.H Ida Pandita Mpu Daksa Manuaba arranged a special class given by the Brahma Kumaris of Denpasar Bali to about 60 young priests.

The aim of the class was to give an insight to the young priests that there are many kinds of teachings and viewpoints in the Hindu Religion. Bali Hindu beliefs are separate from other Hindu beliefs.

Bali is a Hindu island among the thousands of Muslim islands in Indonesia. To preserve the Hindu culture, many young priests are given an all round education, including spirituality. In listening to the story of the soul and its role in the body, the priests would be better equipped to serve the Bali community at large.

The talk lasted 2 hours. All present took lot of benefit from the talk and more such classes would be arranged in the future said the high priest.

Om Shanti.
